Educational Offerings Overview

- **Conference Paper Database-** A searchable, comprehensive collection of white papers and presentations from all previous events containing real-world information about Oracle Apps.
- **Conferences-** Each year, the OAUG hosts and collaborates on several unique opportunities around the globe where users can prepare and equip themselves with the essential knowledge and skills needed to effectively perform their job functions.
- **eLearning-** Free to OAUG members, these convenient sessions bring user-driven education right to your desktop. Attend sessions live or catch up on what you missed through our archived recordings.

OAUG Geographic and Special Interest Groups

- **OAUG “Geos”**- Geo members reside within a defined geographic region (such as the Central States OAUG) and meet to facilitate networking among local and regional apps users. Members discuss and share ideas concerning many diverse topics.
- **OAUG “SIGs”**- SIG members share a common interest concerning specific Oracle Applications products, as well as a specific industry. SIG members may be geographically dispersed and typically host virtual meetings and meet at COLLABORATE and Oracle OpenWorld.

OAUG Ambassador Program

- Recognition of Ambassador attendees – **THANK YOU!**
- Organizations with Ambassadors are way ahead of the game – they attend Informational Webinars twice a year to learn about the latest and greatest FREE educational resources available to members, as well as how their fellow Ambassadors are applying them to their business.
- Ambassadors keep their list of contacts within the OAUG database up to date to ensure ALL employees of your organization have active logins and are able to access OAUG resources.
- Ambassadors who fulfill their obligations throughout the year have a chance to win a full conference pass to the event of their choice.
- *Want to volunteer as your organization's Ambassador? Contact membership@oaug.com or 404.240.0897*
